Project Proposal

Team name:

Group 9

Team roles

Josh Gooderham - backend engineer

Sean Hand - backend engineer

Kevin Karch - Project Manager

Kathleen Minckler - SCRUM master and front-end engineer

Project name and description Software system (what will you build? Web application, game ect.)

StoryPlay

We plan on building a mobile application to satisfy the client's needs for an interactive environment to expose kids to careers they aren't used to seeing in their day-to-day lives.

Project management tool

Github for sharing code, Slack for daily communication, Trello for task prioritization
